

September 17, 2015

Dear Parents,

An important part of the guidance of this big ship called “Bridge Point” is the Campus Leadership Team (CLT). The CLT is a campus-based shared governance group consisting of six teachers elected by their colleagues, four parents, two community residents, two business representatives and a member from the EISD central administrative staff. Each of these stakeholders possesses a deep interest in the success of our school. By statute, each Texas public school must have a CLT. The CLT deliberates “direction” decisions...big picture stuff. Examples include curriculum initiatives, campus programs, goal setting, school organization, professional learning and both financial and human resource allocation. The CLT solicits information and analyzes data. Members deliberate tricky issues such as homework policy or materials selection or technology innovations and more.

An annual responsibility of the CLT is to develop a “Campus Improvement Plan” (CIP). The CIP is a document that outlines do-able improvement activities. The 2015-16 CIP was developed in May using performance data, survey information and analysis of anticipated challenges and opportunities. They are initiatives that can reasonably enhance learning for our students. The CIP goals receive priority attention each year.

Please examine the Bridge Point Campus Improvement Plan goals for 2015-16. They represent areas of focus but by no means limit other opportunities that make sense for an improved school.

- **Increase to 100% the students meeting standards for all subjects assessed by STAAR.**
- **Improve writing performance across the grade levels. Implement vertically aligned PLC to focus and coordinate improvement strategies.**
- **Implement an Outdoor Learning Program that will provide TEKS-aligned instructional opportunities for all students.**
- **Implement a comprehensive and cohesive communications plan to increase stakeholder awareness of BPE activities.**

The CLT monitors progress on these CIP goals during its monthly meetings.

If you have an interest in serving on the CLT, please let me know by Friday, September 25. Thinkers, dreamers and do-ers are welcome. The first Campus Leadership Team meeting will be Thursday, October 15 at 1:15 PM. All are welcome to attend and to actively participate in each meeting. Meeting dates will be on the calendar of the BP website and agendas/minutes will be posted there as well.

Sincerely,

M. Bradford Wirht
Principal
